About Aparna Enterprises Ltd.

Aparna Enterprises is a leading building materials company and a group company of The Aparna Group. Founded in 1990, Aparna Enterprises is engaged in manufacturing and trading of a wide range of building material products. The company has a diversified product portfolio which includes Ready Mix Concrete, uPVC profiles, uPVC windows and doors, Floor & Wall tiles, Aluminium window & door systems, Exterior facades, Luxury bath spaces and elegant kitchens and Aggregates. Most of these products are available pan India through an extensive dealer network which constitutes more than 350 vendor partners for different brands.

AEL is associated with many leading brands in the construction sector and several landmark projects for over 30 years. The brand has been associated with many government organizations like DRDO, South Central Railway, PWD, CPWD, MES, AAI to name a few.

AEL is globally renowned for setting benchmark standard in technology, research, design, and installation. Today, the company is acknowledged as a leader in providing specifiers, contractors, and the required support stakeholders with a range of high-quality products manufactured to the highest standards.

About Us Vitero Tiles

Vitero is one of the leading tile brands in the country that offers wide range of **Wall & Floor tiles**. Powered with latest technology from SACMI, KEDA and APPEL, the tiles are manufactured at the most sophisticated 1 Million sq ft manufacturing facility in Peddapuram near Kakinada, Andhra Pradesh. The manufacturing facility produces **Double Charged Tiles, Soluble salt tiles, Glazed Vitrified tiles, Digital wall tiles and Full Body Vitrified tiles**.

The production facility is powered with latest technology from **SACMI, KEDA and APPEL** and produces **30,000 sq. mtr.** high quality tiles every day. Vitero tiles manufacturing process uses top quality clay imported from Ukraine, Iran, Malaysia, Turkey, along with Feldspar and Clay processed in its own mines. These mines produce Feldspar and Clay of uniform quality & brighter finish, which makes the tile surface look free of micro holes. Use of Nanotechnology makes Vitero Tiles very glossy and stain resistant and provide durable tiles that look new for years.

Vitero tiles material testing lab uses sophisticated machinery for testing raw materials as well as finished products. The lab uses an XRF Machine, Dilatometer, MOR machine, Crazing Resistance Machine, Surface abrasion Machine, Deep abrasion Machine etc. Vitero tiles manufacturing process follows ISO and BIS standards but maintains the value of end product better than both the standards.

Application Area

					
Residential Spaces	Commercial Spaces	Malls & Restaurants	Public Spaces	Sport Spaces	Schools
					
Hospitals	Outdoor	External Wall Covering	Bathrooms	Kitchens	Airports

Product Advantages

					
Water Proof	Easy to Install	Stain Resistant	Chemical Resistant	Scratch Resistant	Crazing Resistant
					
Frost Resistant	Extremely Durable	Easy to Clean	Luxurious Look	Fire Resistant	Hygienic Surface

General Note: All technical specifications in this catalog are for premium grade material only.

Disclaimer: VITERO reserves the right to delete & amend either totally, any of the colors, shapes, sizes, reference and other technical specification contained in this catalog at any time. The colors shown in this catalog are purely illustrative and limited to printing process, please refer actual sample before final selection. Please verify the details given in this catalog for any typographical error before any purchase. Shade & size variation is an inherent property of ceramic tiles. All complains need to be reported within 10 days of purchase in writing. Always follow instructions to avoid complaints due to improper method of application.

- Colors in the catalogue are as accurate as printing process allows.
- Sizes mentioned in the catalogue are nominal sizes only.
- No claim will be entertained once the tiles are fixed.
- For better laying, please follow The instructions o the packing box.
- Please make sure to check the shade/finish with the sales agent / dealer before making the final purchase because there there might be variation in actual finish that shown in the catalogue. The company will not bear any loss in such case.
