About Aparna Enterprises Ltd.

Aparna Enterprises is a leading building materials company and a group company of The Aparna Group. Founded in 1990, Aparna Enterprises is engaged in manufacturing and trading of a wide range of building material products. The company has a diversified product portfolio which includes Ready Mix Concrete, uPVC profiles, uPVC windows and doors, Floor & Wall tiles, Aluminium window & door systems, Exterior facades, Luxury bath spaces and elegant kitchens and Aggregates. Most of these products are available pan India through an extensive dealer network which constitutes more than 350 vendor partners for different brands.

AEL is associated with many leading brands in the construction sector and several landmark projects for over 30 years. The brand has been associated with many government organizations like DRDO, South Central Railway, PWD, CPWD, MES, AAI to name a few.

AEL is globally renowned for setting benchmarks in technology, research, design, and installation. Today, the company is acknowledged as a leader in providing specifiers, contractors and stakeholders the required support with a range of high-quality products manufactured to the highest standards.

About Vitero Tiles

Vitero is one of the leading tile brands in the country that offers wide range of Wall & Floor tiles. Powered with latest technology from SACMI, KEDA and APPEL, the tiles are manufactured at the most sophisticated 1 Million sq ft manufacturing facility in Peddapuram near Kakinada, Andhra Pradesh. The manufacturing facility produces Double Charged Tiles, Soluble salt tiles, Glazed Vitrified tiles, Digital wall tiles and Full Body Vitrified tiles.

The production facility produces 30,000 sq mt. high quality tiles every day. Vitero tiles manufacturing process uses top quality clay imported from Ukraine, Iran, Malaysia, Turkey, along with Feldspar and Clay processed in its own mines. These mines produce Feldspar and Clay of uniform quality & brighter finish, which makes the tile surface look free of micro holes. Use of Nanotechnology makes Vitero Tiles very glossy and stain resistant and provide durable tiles that look new for years.

Vitero tiles material testing lab uses sophisticated machinery for testing raw materials as well as finished products. The lab uses an XRF Machine, Dilatometer, MOR machine, Crazing Resistance Machine, Surface abrasion Machine, Deep abrasion Machine etc. Vitero tiles manufacturing process follows ISO and BIS standards but maintains the value of end product better than both the standards.

PRODUCT ADVANTAGES

Water Resistance

Glazed vitrified tiles are waterproof, no liquid can damage the surface.

Extremely Durable

Glazed vitrified tiles have high strength, making them suitable for high-traffic areas.

Scratch Resistant

Glazed vitrified tiles do not splinter, break, or get damaged.

Frost Resistant

Glazed vitrified tiles have the ability to withstand cold temperatures and freeze-thaw cycles.

Stain Resistant

Glazed vitrified tiles are completely non-porous and therefore are not damaged or stained by humidity.

Easy to Clean

Glazed vitrified tiles can be easily cleaned with just water or detergent.

Fire Resistant

Glazed vitrified tiles are non flammable, reduce the spread of flames, do not burn, and do not emit toxic fumes.

Luxurious Look

Glazed vitrified tiles provide a luxurious and elegant look on walls and floors.

Hygienic Surface

Glazed vitrified tiles have an antibacterial and antiviral surface.

THE PERFECTION COLLECTION, a premium range of tiles crafted to bring harmony, style, and long-lasting performance to your spaces. Designed for both modern and timeless aesthetics, this collection offers a curated selection of textures, colors, and finishes that reflect true craftsmanship.

Application Area

THE PERFECTION COLLECTION surfaces are architectural gems that can be used across a spectrum of environments. These tiles can be used for backsplashes, highlights, bathrooms, furniture, exteriors, flooring, wall cladding, and much more – imagination is the key.
